

MY GREEN POWER INVESTMENT

WHAT'S MY IMPACT?

An aerial photograph of a vast solar farm during sunset. The rows of solar panels stretch across the landscape, reflecting the golden light of the sun. The background shows a rural area with green fields and trees under a warm, orange sky.

WHAT'S THE PROGRAM?

Puget Sound Energy will **match my family's chosen investment** by **buying green power** from *local renewable projects!*

OUR IMPACT?

My family uses
800 kWh/mo. in
energy

By investing **100%**
of our energy use
we could **offset...**

8,580
lbs of CO₂

WHICH EQUALS...

Carbon released
driving over
10,750 miles

Planting and
growing **65 trees**
for 10 years

And it only
costs us
\$8 a month!

INVEST TODAY!
